

## Let's Chat Summer Camp Plans

### Olympic Themed Events (July would work best since Tokyo 2021)

- Let students pick a country other than the US to "represent" and create T-Shirts, or "Uniforms" that they can wear during the games or activities
- At the end of the game, play the national anthem of the country they picked.
- Maybe have some video commentary or interviews, etc. for recap video/highlight video
- Pick different games, events that give different students a chance to succeed. Maybe do some team games and individual events as well

### Scavenger Hunts (Be Creative)

- Traveling - Water Balloons or Nerf Darts
  - Gift Card Scavenger Hunts (Give hints to amount/type/and location)
  - Use Pastors houses/leaders houses or community areas
  - Students will have to search for gift cards without being hit by water balloons or nerf darts. If they are hit, they must go to a different location/clue sight before returning.
  - Can be done in teams or individually
- Picture or Video Scavenger Hunts
  - Can be done on campus or around the city, or a mix
  - Use pastors, leaders and volunteers to be part of the clues.
  - Use pictures and videos to create recap/hype video.
  - Individual or teams depending on covid comfort level
  - Dont just give prizes for the winners, create other "prize" options so that your less competitive more creative kids can be recognized. (Best Video, Best Picture, etc)
